

Wivey Walkers' Special Interest Walks

May - June 2024

Special interest walks

These “walks” are for those who are genuinely interested in the subject, as anyone not interested would get bored. All levels of knowledge on the subject are welcome, from beginner to expert. The pace will be slow or varied with plenty of time allowed to stand, listen, look, identify, enjoy and photograph etc.

It would not be appropriate to bring dogs on these walks.

Saturday 4th May 2024.

Wivey Birds

Meet at 10:00 am in The Square for a 2 hour bird-spotting walk with local expert, Adrian Myram. Starting from the Square, then Golden Hill and onwards. Some at a regular pace, some slower interspersed with standing, looking and listening. Bring binoculars !

Leader Adrian, booking Lena, email: lenaholland@hotmail.com

Wednesday 12 June 2024.

Ash Common Flowers

Meet at 10:30 am at Ash Common for a leisurely walk around the common looking at the orchids and other flowers.

If the weather is good there will be an option of walking further, via Halse, for those who wish.

The flower season does vary from year to year, so the date of this walk might get changed !
